Re: Public Records Request: **Stolen Guns 2010-2017 Spreadsheet** (Part 1)

Attached is information responsive to the public records you requested. Pursuant to the Public Records Act RCW 42.56, they may be redacted or exempt according to the following:

Attached please see the spreadsheet to answer part one of your recent Bellevue Police Public Disclosure Request. We understood your request to be for just a spreadsheet of requested information, not an actual copy of any reports.

For part two of your request we need a little more time to gather our responsive records. You will hear back with an update on your request by 05/19/17, if not sooner.

If you believe the information furnished has been incorrectly redacted or is incomplete, you may file a written appeal. The appeal must include your name and address, a copy of the redacted document and a copy of this letter together with a brief statement identifying the basis of the appeal. Please mail your appeal to:

RCP 4.4 Inadvertent Disclosure Notification: CR 26 (b) (6) Claw Back Provision

**** Please read this notice carefully ****

Dear legal practitioner: Please take notice that we take reasonable precautions to prevent the disclosure of privileged or confidential materials, including those protected by the attorney-client privilege and/or work product doctrine, when responding to request for records. These precautions include, but are not limited to, carefully locating and assembling responsive records, performing an intra-departmental review of the records for purposes of determining whether they contain any privileged or confidential materials, forwarding the records to the County Prosecuting Attorney's Office for independent legal review, meeting and conferring with the Prosecuting Attorney's Office to compare and reconcile any conflicting results of our separate independent reviews and, if necessary, creating a withholding log. Despite our having taken these precautions, occasionally a mistake is made and privileged or confidential documents are inadvertently produced. To that end, we wanted to notify you that there is a possibility that the records being produced may contain privileged or confidential materials. The inadvertent or unintentional production of privileged or confidential documents, without a privileged or confidentiality designation should not be considered a waiver in whole or in part of any claim of privileged or confidential treatment, and any document that initially is produced without bearing a privileged or confidentiality designation may later be so designated. In the event that you believe you have received privileged or confidential materials, we would ask that you promptly notify us of this fact and take action as necessary to comply with the obligations set forth in Rule of Professional Conduct 4.4 and/or Civil Rule 26 (b)(6).
